

Shandong Sound Metals & Machinery INC.

Pneumatic Tyre Spreader

Model: TL1200A

TL1200A

•Suitable for trucks & cars, can be adjusted according to the different tyre width.

It has special function of Speed-expanding random adjusting.

•Optional colors: 

TECHNICAL DATA

Tyre width	4" -15" (100-381mm)
Tyre diameter	All kinds of large. Medium and small size tyres
Working pressure	≤0.4Mpa
Spreading force	3 300Lb (1500Kg)

Pneumatic Tyre Spreader

Model: TL1200B

•Suitable for trucks & cars, can be adjusted according to the different tyre width.

•Optional colors: 

TECHNICAL DATA

Tire type	Tire of salon car and truck	Work light power Supply voltage	220V/50Hz
-----------	--------------------------------	------------------------------------	-----------

Tire size	Below R1100	Lamp-socket voltage	12V
Max working air pressure	0.8Mpa
